

GENERAL INFORMATION ABOUT COMPLEMENTARY HEALTH INSURANCE (SHI)

The staff members covered under **Complementary Health Insurance (SHI)**, **spouses** of those who are married, **children aged under 25 who are not employed with employment insurance** of those with children have been included in the coverage of **Axa Insurance Inc. Complementary Health Insurance (SHI)** as of February 2021. The insurance policies have been activated and ready for use.

You can contact Payroll Officer Yağmur Kılıncı (yagmur.kilinc@yasar.edu.tr) at the Human Resources Department in case you might have questions about **the Axa Complementary Health Insurance**.

- Complementary Health Insurance (SHI) is a private healthcare insurance product that allows **staff members with SSI coverage** to get treatment at contracted private hospitals, clinics, diagnostics centers (as inpatients and outpatients).
- **At the healthcare institutions, private hospitals and clinics contracted with the SHI policy of Axa Insurance Inc.**, those under SHI coverage will pay only the amount required by the state and the patient share worth 15 TL that is paid for the state.
- **The staff member with SSI coverage himself/herself**, as well as his/her spouse and children are each covered by **separate healthcare policies** of 1-year validity, and each of these insurance policies cover 8 medical examinations and the tests/laboratory imaging procedures and other diagnostic methods that are requested by the physician.
- To benefit from the Complementary Health Insurance (SHI), you are required to consult only with those institutions that are contracted with Axa Insurance Inc. and the other contracted clinics/physicians. Please remember to submit your Turkish ID number and inform the healthcare institution/clinic that you will receive their services within "SHI policy coverage".
